

NEW ECF OPTION FOR LOCATION FOR WINCHESTER HEARINGS

Until now, the only option for attorneys to select when filing Winchester matters has been "Room 305." Historically, court generated notices have set both the meetings of creditors and hearings in Room 305, U. S. Courthouse, Winchester, Tennessee. This address was correct for the meetings of creditors but its use for hearings held in the second floor courtroom has caused confusion for the public looking for the location of those hearings. In order to minimize this confusion, a new location has been added in ECF for hearings held in the courtroom. Your selection of this new option will allow notices to reflect the correct location.

The choices for Winchester matters are listed below are in bold and will appear in the selection menu in ECF.
